

PLUMAS COUNTY FLOOD CONTROL & WATER CONSERVATION DISTRICT

NOTICE OF INTENT TO PREPARE AN UPDATE TO THE UPPER FEATHER RIVER INTEGRATED REGIONAL WATER MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN that the Plumas County Flood Control and Water Conservation District (District) is in the process of preparing an update to the Upper Feather River (UFR) Integrated Regional Water Management Plan (IRWMP) adopted in June 2005 for Plumas County and portions of Sierra, Lassen, and Butte counties. The updated IRWMP will be prepared in accordance with the State of California Department of Water Resources Integrated Regional Water Management Plan Guidelines and is being developed to encourage collaboration among participants and to integrate regional strategies for management of water resources.

In 2009, a Memorandum of Understanding (MOU) was signed by 30 members to establish a Regional Water Management Group (RWMG) and to advance the Upper Feather River IRWM Program. A UFR IRWM Regional Water Management Group (RWMG) has been formed to steer the development of the IRWMP.

The IRWMP is a planning document that seeks input from many stakeholders to improve water resources management in the UFR Basin. The IRWMP identifies and prioritizes projects that provide multiple benefits including improvement of water quality and supply, surface and groundwater management programs, and of water management with land use planning.

The public is invited ^{to} participate in the development of this planning document. For more information on the IRWMP, please submit a written letter to Randy Wilson, Plumas County Flood Control and Water Conservation District, 555 Main Street, Quincy, California 95971. More information on the IRWMP update effort is available at featherriverwater.com.

This Notice has been prepared in accordance with Government Code 6066 requirements. Following completion of preparation of the IRWMP, the District, as well as each member entity, will adopt the IRWMP. Prior to adoption, a Notice of Intent to Adopt the IRWMP will be properly noticed in accordance with Government Code 6066.

NOTICE OF INTENT TO PREPARE AN UPDATE TO THE UPPER FEATHER RIVER INTEGRATED REGIONAL WATER MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN that the Plumas County Flood Control and Water Conservation District (District) is in the process of preparing an update to the Upper Feather River (UFR) Integrated Regional Water Management Plan (IRWMP) adopted in June 2005 for Plumas County and portions of Sierra, Lassen, and Butte counties. The updated IRWMP will be prepared in accordance with the State of California Department of Water Resources Integrated Regional Water Management Plan Guidelines and is being developed to encourage collaboration among participants and to integrate regional strategies for management of water resources.

In 2009, a Memorandum of Understanding (MOU) was signed by 30 members to establish a Regional Water Management Group (RWMG) and to advance the Upper Feather River IRWM Program. A UFR IRWM Regional Water Management Group (RWMG) has been formed to steer the development of the IRWMP.

The IRWMP is a planning document that seeks input from many stakeholders to improve water resources management in the UFR Basin. The IRWMP identifies and prioritizes projects that provide multiple benefits including improvement of water quality and supply, surface and ground-water management programs, and of water management with land use planning.

The public is invited to participate in the development of this planning document. For more information on the IRWMP, please submit a written letter to Randy Wilson, Plumas County Flood Control and Water Conservation District, 555 Main Street, Quincy, California 95971. More information on the IRWMP update effort is available at featherriverwater.com.

This Notice has been prepared in accordance with Government Code 6066 requirements. Following completion of preparation of the IRWMP, the District, as well as each member entity, will adopt the IRWMP. Prior to adoption, a Notice of intent to Adopt the IRWMP will be properly noticed in accordance with Government Code 6066.
